

## **Report on IAI management, as of 11 of November 2012**

### **Projects being carried out:**

#### **FPH Convention 2012**

It is necessary to send an evaluation of the USF-WUF of Naples.

We are waiting on the proposal of the Convention for 2013, for the same amount for 2012.

It is evident that the fundamental interest of the FPH is the production of texts, in particular in relation to sistematization.

#### **FER Convention 2012**

In execution.

We need to plan the annual report and manage the following annuity.

#### **Misereor, support for Incidencia**

After a difficult start, it is in execution.

Still waiting for the outlay for the second trimester (September-November), has been delayed by the lack of execution during the first semester.

We need to plan the evaluation of the first semester (June-November), the next semester of execution (December 2012-May 2013) and the semester report (June-November 2012). Remembering that there is an audit in Italy.

### **Projects and Requests presented**

#### **Basque Agency for Cooperation**

After the meeting in March 2012 (Cesare and Pedro) the executive proposal was developed which elaborated on these and was sent in June 2012. This means that the proposal of the Convention should be among the first to be analysed in 2013.

The results of the elections of October 2012 means that the priorities of the Basque Government may change.

#### **FHP**

Support for the Africities is being managed. Up to now support for the "Inhabitants Memory" publication in French and English has been confirmed.

#### **OAK**

Thanks to the contacts arranged by the FPH, in April the portfolio (pistas concretas? established directions) was sent also proposing a meeting.

They answered that they were going to analyse the proposal in the last quarter of the year.

We are waiting on a response to a recent update request.

#### **OXFAM-NOVIB**

In April the portfolio (**partnership possibilities**) was sent to the previous contact.

We never received a response. Thanks to Steffen Lajoie it has been sent again (October 2012) to other possible contacts and the possibility for new **partnership possibilities** in Africa has opened up.

#### **Rosa Luxemburg**

A portfolio was sent in September 2012 (established directions partnership

possibilities + a specific one) to Michael Brie.

We are waiting, until the end of November, for the response from the person responsible, facilitated by Michael Brie.

### **Ford Foundation**

We are looking for a direct contact, given that through other means it is almost impossible to gain support.

### **Norwegian Church Aid**

Thanks to the contact of Rocio Valdeavellano in conjunction with CENCA a request for support has been sent in November 2012 which complements the impact project on the Fund.

### **Solifonds**

A request for help was presented in July 2012 to the USF-WUF in Naples and was rejected, however, it opened up relations.

### **Support facilitated and achieved at the local level:**

To COOPHABITAT (Dominican Republic): Cooperativismo para los Sin Techo: Apoyo en República Dominicana y Haití Mediante Formación e Incidencia Para Vivir con Dignidad, Misereor

To PROUD (India): Apoyo para las Jornadas Mundiales Cero Desalojos 2012, Solifonds
